Wednesday, January 11, 1984

Demolition of the old Welch building on Minden's Main Street began last week. Workmen removed the roof and, as of Tuesday, had all but leveled the second floor. The property was purchased last year by the municipality. The future plans for the property have not been determined yet.

Heart attack takes driver

A heart attack is believed to have been responsible for the death of a Haliburton resident and the reason for an accident on Highway 118 January 6.

According to police, 65 year old Stanley Roberts was driving his pick-up truck on Highway 118 near the Lakeview Centre in Haliburton when he suffered a seizure. The truck veered into five guide posts at the side of the road before coming to rest.

The driver was taken to Haliburton Red Cross Hospital where he was pronounced dead.

The matter was investigated by Constable Brian Dunham.

blamed for a collision between a car and a front end loader on County Road One in Snowdon Township.

According to the police, Douglas Stevens, 23 of Beeton, Ontario was the driver of a 1984 Mazda which crashed into the rear of the loader, driven by

Francis Walker, 37, of Snowdon Township. The car crested a hill to discover the slower moving loader in front. Stevens applied the brakes but was unable to bring the vehicle to a stop before it slammed into the loader.

Damage to the Mazda was listed at \$800. There was no damage to the loader.

The accident was investigated by Constable Brian Dunham.

Library popularity grows

The Minden Library added 293 new members to its rolls during the past year according to a report prepared by librarian Jeanne Sears. She noted that almost half of the new memberships came from seasonal residents. The report from the librarian stated:

This was a busy year for everyone at the Minden Library. All three staff members attended the two Haliburton County library workshops held during the year.

The library presented free

movies for children and adults at various times through the year. As well, at Christmas, we presented a special showing for children at which over 30 youngsters received a small stocking and candy cane.

There were two puppet shows during the months of July and August, both well attended. These shows are sponsored by the Lake Ontario Regional Library Service.

This year, through a reorganization of the library systems in the province, the county libraries are now

part of the Central Ontario Region. It is uncertain at this point what impact this will have on the local libraries.

One of the feature events of the year was a presentation of music in the library with a guitarist. This proved to be very interesting and well attended.

The library was visited by a number of classes from Archie Stouffer Elementary School as well as youngsters in the Minden Play School.

During the year we had

(more on page 3)

Dog owner wants changes

Roland Hamilton of Kinmount, the man whose pet dog was shot by a Conservation Officer, plans to pursue the matter.

Hamilton told The Times this week that he had contacted John Eakins, MPP for Victoria-Haliburton, and the member said he would raise the matter in the provincial legislature when the session reconvenes.

The owner is also attempting to get a copy of the report prepared by the Ministry of Natural Resources on the incident. He said he had heard, though he had been unable to confirm, that the deer sustained injuries to all four

legs in the chase. He said this was not the case and that only one leg was cut.

Hamilton also claimed that his dog had not been attacking the deer and felt that if the ministry personnel had acted with more restraint he would have been able to divert the dog from the deer. He also claimed the deer was not cornered by the dog as the incident had taken place in a frozen swamp.

The dog owner said he had not heard from the ministry on his request to see the report.

Hamilton also questioned whether the rationale used by the ministry against the use of tranquilizers was

acceptable. Hamilton said he had been told that use of tranquilizers could result in the dog's death. He noted that the ministry gets the same results using the present method of shooting dogs harrasing deer.

The dog owner said he felt the law should be changed. He noted that a dog caught in the act of chasing a deer can be shot by a conservation officer while a dog which kills a deer will be returned to its owner and the owner will have to pay a \$50 fine.

Hamilton also suggested the ministry could use rubber-bullets to stun or frighten the dog involved in a chase situation.

Whether it's downhill or cross-country, skiing has grown in popularity in the Haliburton Highlands. These skiers complete a run at one of the many hills of the Sir Sam's Ski Area. This week The Times takes a look at skiing in the Highlands. See the story on page two.

Downhill or cross-country skiing enhances a Highlands winter

There is an old French proverb which roughly translated points out that the more things change the more they remain the same. This observation certainly applies to the sport of skiing for although there have been significant changes in equipment and techniques, particularly in the last two decades, the sport remains essentially the same.

Whether the skier is descending a snow covered hill on a pair of wide wooden skis strapped to a pair of square toed leather shoes or on steel edged, laminated skis clamped on to a pair of plastic and chrome boots the thrill was the same for ancient Norsemen as it is for sophisticated modern sports enthusiasts.

Residents and visitors to Haliburton County are fortunate to have ideal terrain and conditions for cross country and alpine skiing.

At the present time there are 14 publicly and privately owned trail systems in the county that cover over 300 km of rolling countryside. Nordic enthusiasts can enjoy short afternoon jaunts close to a modern resort or can spend days exploring frozen lakes and the silent beauty of the Highland forests.

Trails are marked according to their degree of difficulty and much of the trail system is groomed and track set providing skiers with well maintained trails within a wilderness setting. The extensive network of

trails eliminates the problem of overcrowding that is common in southern areas of the province while still providing a recreational area that is close to major population centres.

The serious Nordic enthusiast can outfit himself for around \$150 but for those who simply want to try out the sport equipment can be rented from some area lodges. Some of the trail operators charge a small fee for the use of their trails while other areas are open to the public at no cost.

Although the Highlands enjoy more moderate temperatures than Northern Ontario recreational areas skiers are advised to dress warmly, travel in groups and register with the trail operators before embarking on their journey through the rugged beauty of the countryside.

One of the many networks of trails in the county is situated within the Sir Sam's Ski Area. Sir Sam's provides the Nordic skier with 10 km of cross country trails but is better known for its Alpine facilities. The hill may not be as high or the runs as long as other Alpine resorts but the short lineups for the lifts and the relatively low fees compensate for the lack of high altitude skiing.

There is a gently sloping beginners hill that is serviced by an easy to manage pony tow. For the more proficient ski buffs there are six trails that criss cross the

wooded hillside and for those who love to charge headlong down an open slope there are four steep descents to the chalet below. Two chair lifts and a T-bar provide a quick trip to the top of the hill that offers a panoramic view of Eagle Lake.

Sir Sam's offers qualified ski instructors, a licenced cafeteria and equipment rentals. A complete set of equipment can be rented for \$9 a day including insurance. Lift fees are \$15 a day for adults and \$12 daily for juniors under 16. Prices for weekdays, half days and the beginners hill are reduced.

Sir Sam's is located near the hamlet of Eagle Lake north of Haliburton.

The main prerequisite for skiing is, of course, snow, and since over 140 cm of snow has fallen on the Highlands so far this winter, conditions are ideal for winter sport. Whether a person chooses to careen over and around moguls, drift silently down a gentle winding trail or set off overland through the rock cliffs, forests and open spaces of the Canadian Shield, the Highlands offers an exhilarating antidote to the winter doldrums.

Up to date information on skiing in the Haliburton Highlands can be obtained from The Haliburton Highlands Chamber of Commerce and the Ministry of Natural Resources in Minden.

Promoting X-country

Haliburton County should notice major changes in cross-country ski facilities in the next few years thanks to the efforts of a newly formed Nordic ski association.

The group has during the past year been busy promoting the idea of an integrated trail network serving the entire county. Included as part of their effort would be a standardized grading system so that those embarking on a ski excursion

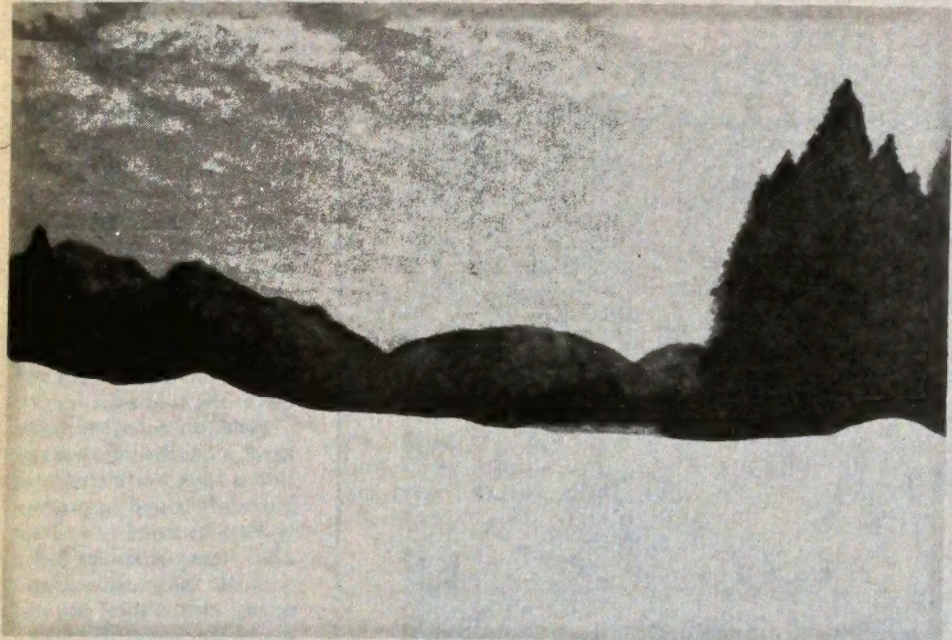

would know what to expect when the trails bear the indication, "beginner" or "expert".

As well the association has introduced a uniform set of trail signs so that a skier from any part of the county will immediately recognize the significance of signs posted along the trails.

The skiers are also attempting to link the many trail systems which now exist throughout the county. By encouraging resorts,

municipalities, ski clubs and local tourist organizations to work toward this goal, it is hoped a county-wide cross country ski network will result.

The Haliburton Highlands Nordic Trail Association is headed by Curtis Eastmure. Membership is open to the general public and commercial operators who benefit from the winter ski trade. For more information on the association call Eastmure at 754-2800.

Billowing snow, giant evergreens and rolling hills. Who would believe this picturesque photographs was taken in downtown Minden, but in fact it was. Can you name the location? Look for the answer in next week's edition of The Times.

Library more popular

(from page 1)

five book exchanges with many new books arriving to brighten our shelves. The stock of pre-recorded tapes has also changed through these exchanges. The library also has a Polaroid camera available to loan. We have also filled a number of requests for individuals wanting talking books.

We were fortunate this summer to have Laura Cross serving as our page. She was a great help during the busy summer months.

There were 578 projects completed through the Minden branch, a major increase over last year.

The amount raised through fines, craft and book sales as well as donations increased during the year to a total of \$208.

The major purchase of the year was a photo copier, with which we may copy books, or magazine articles. We charge for copying

drivers licences or documents, but the service is free for students, staff and senior citizens.

The number of books in circulation this year was 14,485. The number of tapes circulated, 782. Requests for magazines and file material amounted to 1575. The total items circulated from the Minden branch was 15,842, an increase over last year.

The number of new members was 293 with about half being seasonal residents.

We have also had several fine books added to our permanent collection through donations from local families.

The new shelving has been installed. The pine boards have been treated and make a fine addition to the facility.

1983 was a rewarding year at the library. An extra half hour was added to our Tuesday and Thursday evening hours, which means the library is now open 16 hours per week.

AHM agenda

Agenda for the regular Council meeting to be held in the municipal Council Chambers on Thursday, January 12th 1984 at 10:00 a.m.

1. Adoption of minutes.
- Delegations**
2. 10:00 a.m. - Class of public school children to sit and listen to general Council meeting.
3. 11:30 a.m. - Don Glashan, M.T.C. re: road needs study.
4. Correspondence.
5. Appoint standing committees and various other committees for 1984: Industrial Development contacts; Red Cross Hospital; Staunworth; Wolf Bounty Officer; Property and sidewalks beyond B.I.A.; Administrative Operations; Fire Dept.; Ambulance; Waste Management; Budget and Finance; Correspondence; Roads Advisory Committee; Parks; Publicity and Promotion; B.I.A. Board of Management; Co-ordinating Committee Rep.; Horticultural Society; Streetlights; Library Committee; Art Gallery Committee; Museum Committee; Public Utilities; Recreation; Cemetery

Board; Planning Advisory Committee.

6. Appoint assistant municipal law enforcement officer under the Police Act and assistant building inspector under Ontario Building Code Act.

7. Report from R. C. Schell re.: obstruction near shoreline property in Part Lot 9, Conc. 2, Anson Township.

8. Discussion re: Persons locating in cottages where no services are provided.

9. Discussion re: replacement of awnings on Main St.

10. Tax write off.

11. Resolution requesting assistance from M.O.E. re: Scotch Line Landfill Site.

12. P.W.D. accounts.

13. General, Water and Sewer accounts.

By-laws

14. By-law 84-1 - Being a by-law to authorize the borrowing of money until the revenues are collected.

15. By-law 84-2 - Being a by-law to rescind and replace by-law 83-44 being a by-law to rezone property in part of Lot 5, Concession A, Township of Minden.

16. By-law 84-3 - Being a by-law to authorize the preliminary tax levy.

17. Other business.

18. Adjournment.

Ski tales

For a number of years now Haliburton County has been claiming to be the cross-country ski capital of Canada. It's a slogan which the Chamber of Commerce has promoted and has appeared in various, locally produced publications.

As anyone involved in promotion knows, it is easy to proclaim an area "the capital" of whatever, but unless the claim can be backed up with facilities the title will quickly be claimed by some other area or a credibility gap will soon separate the area and potential clients.

Is Haliburton County really the cross-country ski capital of the world? Well... if it isn't there are a lot of people who are working hard to back up the claim. As the article on page two of this week's newspaper points out, the county currently boasts an extensive series of ski trails. These facilities are mostly tied to resorts or particular areas of the county.

Fortunately, the Haliburton County Nordic Trail Association has recently been formed and is now attempting to bring these disparate efforts together. The organization providing assistance for those wishing to open new trails, is developing a standard grading for trails and a uniform signage. Their most important effort, however is directed toward linking the separate loops so that skiing tours of the entire county may some day be a reality.

It wasn't that many years ago that the Haliburton County Snowmobile Association was at the same formative stage. The group's perseverance has paid off and it now manages one of the most extensive systems of snowmobile trails in the province. We believe that kind of success lies ahead for the Nordic association.

For the moment, Haliburton County may be the cross-country capital of Canada in name only, but somewhere, not too far down the road, the county will rightfully claim that title and have the facilities to prove it.

Frosting along the river's edge.

outdoors

Federation of Ontario Naturalists

As I watch the first real snowstorm of the season swirl outside my office in Toronto, the thought that a "blanket" of snow will soon whiten the earth doesn't make me feel any warmer. But there are two sides to any blanket and it usually happens that you and I end up on the cold side.

Field mice on the other hand choose the warmer side, a snug world free from bitter winds and surprisingly well-insulated — at least until someone comes along with a snow shovel and opens the door. In this miniature world field mice — or, more accurately, meadow voles — enjoy a care-free life through the winter, their tunnel networks extending all through suburban lawns and farm pastures. Once in a while the whole lattice work is exposed by a mid-winter thaw, allowing us to trace the pattern outlined by the ice that rims each tunnel.

The insulation factor of snow which provides this safe shelter for voles, results from the six-sided shape of the snowflake. Take a look at your Christmas cards and you're sure to find a few examples depicted. This shape holds the snowflakes apart, creating tiny air pockets that keep the cold air on our side of the snow blanket from penetrating through to the other side.

The effect can be very dramatic. Scientists cite instances where the surface temperature of snow reaches as low as fifty degrees below zero, while a mere two feet underneath, the temperature is only minus five degrees. Now that's not likely to occur in Ontario very often, so don't rush off with a thermometer in hand. Just rest-assured that a freezing temperature above the snow will be milder below.

Life beneath the snow has other benefits for field mice. Snow makes it difficult for foxes to smell their whereabouts. It also muffles sounds, making hard work for owls who depend on the mouse's noise for guidance. Yes, with the possible exception of church mice, these creatures can produce quite a racket, though I can't say I've ever been bothered by it out-of-doors.

More seriously, field mice are not altogether safe in their winter playground. Shrews, which are even smaller than mice, run them down in their tunnels. Still, with an abundant food supply of grass, weeds, and tender-barked young tree trunks beneath the snow, it's not a bad life.

The real "down side", as they say, is to be found skidding along the top of the snow blanket into a Toronto rush hour. I'd better get started.

letters letters letters

Editor:

I would like to respond to the letters to the Editor in last week's issue concerning dogs chasing deer in the area.

First of all I would like to point out that I am a dog owner as well as an avid hunter.

In my opinion the hunter and trapper are the true conservationist. They will be the first to want their sport and their livelihood protected. I would like to have the opportunity to express my thanks to area C.O.'s and also express my apathy in dealing with the two gentlemen who wrote the letters last week condemning the way in which deer chasing dogs are being dealt with.

The two gentlemen seem well versed in conservation and wild life management, but I think they are misin-

formed as to how many deer are killed every year by family pets such as "a friendly playful Siberian Husky".

In one of last week's letters it says "I feel the dog only pursued the deer in play". Yes, it was in play, but the dog was the only one enjoying the game. In the other letter he says, "After a 45 minute chase the deer stopped running". Yes, it was a fine game wasn't it? If only the officer had not waited so long to shoot the dog the chase could have been avoided. The deer may not die as a result of a forty five minute friendly chase, but it will probably die a couple of weeks down the line because it doesn't have enough energy to move through the snow in search of adequate browse. It is not the actual attack on the deer but even the chase in this snow that can lead to the deer's demise.

The two gentlemen feel all the dogs caught harassing deer should be tranquilized and returned home. After a "severe, perhaps \$100 fine" should be paid.

The big question is, will the officer or anybody else be on hand when the dog gets out for another friendly chase? I don't think this problem will occur again if dealt with head-on as in this case.

Lee Austen
Geraldton, Ont.

Editor:

I would like to thank publicly four county council members who took not only a brave step, but expressed some far-sighted thinking which could prove highly productive for our beloved

Haliburton County.

They also saved us over half a million dollars.

These councillors are: Keith Tallman, Reeve of Monmouth; Gary McKnight, Deputy-Reeve of Dysart et al; Warden Bill Howe of Bicraft; and Reeve Ron Gambell of Lutterworth.

As members of the County Roads Committee they plucked up their courage and said "No!" to the wasteful construction of the Ingoldsby bridge project. Even its strongest proponent, Deputy Reeve Ed Pergolas of Anson, Hindon and Minden, conceded it would cost "well over \$500,000."

Every property owner on a fixed income, or a low income, in Haliburton County says thank you gentlemen.

The decision was a great

Christmas present for many of us in Ingoldsby and among the boating public who feared the destruction of the scenic qualities of our area of the county and of safe recreational boating.

What a fine, far-sighted decision the Roads Committee made in seeking to explore the designation of the Ingoldsby Bridge and others existing at Dorset and Hawk Lake as heritage structures.

Tourism business in Haliburton is built upon scenic beauty and heritage qualities as seen in fine old structures and buildings of our pioneer ancestors. Tourists don't want a Haliburton County that is rebuilt to look like Scarborough. That's what they are trying to get away from for a few days or weeks.

Mr. Editor, in the very same edition of your fine little paper, The Times own Christmas Greeting for December 21, 1983 appears

the scene you chose to portray the beauty and peace of Haliburton is the view looking south from the Ingoldsby Bridge's eastern approach into the bend of the Narrows. The front part of this view would have been destroyed by the proposed Ingoldsby Bridge project.

Thanks County Road Committee and best wishes to all for 1984 no matter what side they took on this issue.

Joe Curtin,
Ingoldsby.

Editor:

A lot of publicity has been given lately by the shooting of dogs by conservation officers who catch the animals in pursuit of deer.

Deer yard up when the snow gets deep and a crust forms on the snow. The crust will often support a dog but not a deer. The deer become easy prey for the dogs.

Even if deer are not caught during the chase, they can suffer from the crust.

A deer near Carnarvon had to be destroyed after such a chase. All four legs had been trimmed to the bone by the crust - it had left the yard after such a chase.

Conservation Officers are merely maintaining the law when they shoot dogs who molest deer, maim them or leave them to die.

We must not forget the plight of the doe who is heavy with young later in the winter, and is forced to leave the yard by pursuing dogs.

The use of tranquilizer guns has been suggested.

In my experience, they are not very accurate at any distance and are awkward to handle at any distance.

It should be remembered too that most conservation officers feel that their position is to protect game.

We are fortunate to have such a small corps of men at our disposal in this province.

Ken Mitchell,
Minden, Ontario.

Editor:

1984 was the title of a very prophetic book by the late George Orwell, in which he attempted to portray symbolically, the state of society at that future time.

1984 has arrived and with it, verification, in large part, of Orwell's predictions. In the new Newspeak, an invasion becomes "A friendly intervention"; American forces in Lebanon are called, "Peace Ambassadors"; Uprisings of starving peasants in the brutal South American dictatorships are always, "Terrorist attacks against stable governments"; The future

invasion of Nicaragua will be termed "Supporting Democracy against the evils of Marxist traitors"; The hated Somoza is called "Our democratic friend".

In Canada, our tax inspectors are rifling municipal data files to further their tax inspections. Two years ago, our federal Minister of Agriculture stated that there were too many small farmers. By depriving them of credit when interest rates were arbitrarily raised, the minister drove them off their lands as bankrupts.

When the S.I.N. numbers were legalized, the then Prime Minister, Mr. Pearson, swore that only the tax department could use the information as a means of identity simplification. Today they are available to even private firms for any purpose they wish to put them.

George Orwell foresaw the problem of nuclear war but assumed it would be used as a threat by government to blackmail the people into strict obedience. Today, both superpowers have used that threat to lessen opposition by the

population impotent. Newspeak denigrates reasonable options by the use of buzz words such as "patriotic" and "Communist propaganda". In Russia there is only one voice so there is only one truth.

In Canada, governments have avoided taxing further the politically powerful "Haves" by giving a desperate and frustrated and powerless "Have-Not" segment, a chimerical dream of crawling out from the abyss of poverty through a myriad of lotteries. That the chance of winning a major prize is of the same order as being hit by lightning in a January snowstorm, does not deter a credulous and naive segment of the population. The odds have never been spelled out in print by any of these governments. It is estimated by researchers, that a majority of the funds come from a desperate poor, looking for a magical way out of their misery. It is a cruel and immoral hoax that Orwell would have understood.

As he predicted, governments have become adept at using the taxpayers' own money to keep power. In

Canada, they spend over a billion dollars a year in media newspeak, to con the voters into re-electing them.

In Ontario, our government spent over a half a billion dollars buying at an inflated price, a minor interest in an American oil company. Today that company is losing money in a large way. That money, and the 50 million spent on Newspeak advertising, would have upgraded our underfunded and failing educational system, kept open the many social service centres that were forced to close, and allowed hospitals to keep their now empty wards open.

However Orwell did not foresee the slow inexorable path to individual paralysis that the nuclear threat would cause. Nor could he foresee the insanity that has infected the foreign policies of the superpowers. Nor did he dream of the precipice on which civilization now teeters nor of the increasing certainty that one day we will all fall into that infinite depth.

H. Michael Collins,
Gooderham.

from the chamber

In every community there is a vast amount of work that just wouldn't get done without those people who volunteer their time to do it.

Some are motivated by community spirit, some by christian charity, some by an abundance of free time on their hands. Whatever the reasons, they do so admirably, usually an abundance of free time is hardly the reason.

Virtually all the "Professional Volunteers" that I know of have little or no time to spare but they seem to always find the time to pitch in and help out in many different organizations. We all owe a lot to these volunteers because without them "it" just wouldn't get done.

The Chamber of Commerce would like to thank all the people who have helped us in the recent past. Thank you Bob McNabb and his assistants for volunteering to shovel off the roof of the Chamber office last week. Thanks to Black's Hardware for donating the paint and brushes that spruced up our reception area. After getting a fresh coat of paint we kept forgetting to turn on the lights because it was already so bright. Thank you to Katimavik for lending us three lovely ladies, Manon, Vicki and Linda, who painted, decorated and cleaned the office and also helped with many more little chores that we just could never get around to. There are others of course, and although they remain

nameless, we thank them all.

Jack McGregor

Last week, we were greatly saddened by the sudden passing of our Vice-President and good friend Jack MacGregor. Jack was one of those people who always "Had The Time".

Jack was actively involved in his Church, The Rotary Club, The Kanawa Museum and The Chamber of Commerce. His good business sense and his keen sense of humour and his willingness to serve made him a great asset to all. We will miss him.

Congratulations

Congratulations to Dennis Casey (a past president and member of the Board of Directors of the Chamber) and his wife Roxanne on the arrival of their two daughters, Danielle and Lindsay.

Coming Events

January 12 - February 27 at the Agnes Jamieson Art Gallery there will be a display of the late Dr. Agnes Jamieson's Acrylics and Watercolours.

January 6 - 21 at the Rails' End Gallery Freeman Patterson's Photography will be featured.

January 21 - 22 at the Minden Fair Grounds there will be car racing on ice - for more information call Tom Prentice 286-1722.

January 21 at the Minden Fair Grounds - Snowmobile & ATV Snow Cross Races - for more information call Leroy Lichty 286-3108.

The fuel of the future... Now!

New Year's resolutions

- by Bill Scott, M.P. -

As the New Year begins, it is traditional to make New Year's resolutions which may last all of a few days or hours, or, if possible, all year long.

The following are a few resolutions which I would like to see some people make. Only time will tell whether or not they make them and whether or not they stick by them.

The Rt. Hon. Pierre Trudeau: Resolve to lead his party into an election in spring or early summer of

1984.

The Hon. John Roberts, Minister of Employment & Immigration: Resolve to create permanent long-term jobs for Canadians.

The Hon. Marc Lalonde, Minister of Finance: Resolve to stop using Canadians' money to support deficit financing.

Brian Mulroney: Resolve to bring common sense and frugality back to government when he leads our party to a majority government this year.

Ed Broadbent: Resolve to

lead his party into an election in spring or early summer of 1984.

The Rt. Hon. Edward Schreyer: Resolve to continue his contribution to the public life of this country in whatever new task he takes on.

The Hon. Jeanne Sauve: Resolve to look after her health so that she may play a meaningful role as our new Governor General.

The Hon. John Crosbie: Resolve to keep a new pair of muk-luks handy for the

budget he will be preparing this year.

President Ronald Regan and Yuri Andropov: Resolve to negotiate meaningful arms reduction and limitation treaties to remove the threat of nuclear war.

The Editors of our Constituency newspapers: Resolve to carry all of Bill Scott's articles in 1984.

The Constituents of Victoria-Haliburton: Resolve to continue their tradition of assisting those in need in our community.

Have a happy New Year.

Conversion program extended

- by John Eakins, M.P.P. -

You may have recently been informed through this media of a recent announcement by the Ontario Ministry of Housing to extend Ontario's convert-to-rent programme to all municipalities in the Province. Originally this programme was made available to only fifteen major cities. During a recent meeting with Town of Lindsay officials and the

Minister in Toronto, I raised the question of Lindsay's participation and that of the smaller communities of our counties. I was assured that any applications would be seriously considered. I am delighted that the Minister has now made this official.

The expansion of the program will allow owners of eligible properties in all

communities of Victoria - Haliburton to assess their need for conversion to rental, especially where tight vacancy rates exist.

The applications will be considered on a first-come, first-served basis. The convert-to-rent programme offers 15 years interest-free loans of \$7,000.00 per unit to assist in the conversion of non-residential buildings such as warehouses, second floor space above stores and vacant school property.

To receive an application package call collect to 416-585-6391 or you can write to Convert-to-rent programme, Ministry of Municipal Affairs and Housing, 777 Bay Street, Second Floor, Toronto, Ontario M5G 2E5.

I will be away all this week with an all party Ombudsmans Legislative Committee visiting some of the far points of Northern Ontario. The twelve elected members will review some of the Ombudsmans' responsibilities and meet some of our Native chiefs. At North Bay, we will tour the Psychiatric Hospital before moving on to Timmins and the Monteith Correctional Complex. At Attawapiskat and Fort Albany, we will have the pleasure of touring the reserves and meeting with the Chiefs. We will also tour the James Bay Hospital and visit Moosonee and Moose Factory. By visiting these northern areas of the Province we will have a greater understanding of the peoples needs and of the decisions which Ontario's Ombudsman must reach. I am sure the support which we can give to our newly appointed Ombudsman, Dr. Daniel Hill, will be appreciated by him.

Grass Lake Bass winner

A smallmouth bass weighing six pounds five ounces, was the only Haliburton County representative on the list of prize winners in the Molson Big Fish Contest. The results were released at the end of the year.

The fish was caught in Grass Lake in Stanhope Township and netted for angler David E. Cyr of Bowmanville, the prize of a Mitchell rod and reel. The entry placed eleventh in the smallmouth bass category, with the first place winner weighing in at seven pounds twelve ounces.

The Grass Lake fish was the only reference to Haliburton County in the extensive list of prize winners and the locations where the fish were caught. In previous years, lake trout from Drag Lake have figured prominently in the annual contest.

The competition, which is co-sponsored and operated by the Ontario Federation of Anglers and Hunters, was expanded last year to

include live release categories for all fish species. A total of \$38,000 in cash and prizes were awarded to lucky anglers.

Minden KINSMEN Carnival Queen Contest

Friday, January 27, 1984
5:30 p.m.
Arena auditorium
Contestants
phone all entries to:
Rob Young - 286-1584
no later than
January 21, 1984

The following rules apply to the competition:

— There will be two categories —

- (a) Juniors: to age 14 by December 31, 1983
- (b) Seniors: age 14 and up
- (2) All contestants must be single
- (3) Contestants must not have won the contest in the last two years
- (4) The winners will be required to attend the major functions throughout the carnival
- (5) For judging purposes, winter attire should be worn
- (6) All contestants must submit or bring to the contest a brief written resume of their background

Sponsorship is pre-arranged by the
Minden Kinsmen Club.

KINSMEN WINTER CARNIVAL SNOW SCULPTURING CONTEST

1. Organizations and individual participation is welcome.
2. Snow sculptures should be on a heritage theme and will be judged on originality and creativity.
3. To be judged the week of Winter Carnival no later than Thursday, January 26, 1984.
4. Prizes: 1st - \$35.00; 2nd - \$25.00; 3rd - \$15.00.

— NO ENTRY FEE —
For location and judging contact

Caution needed in buying property

According to the Ontario Ministry of Consumer and Commercial Relations, numerous complaints have been received from people who were bilked out of money in the purchase of a vacation property. The ministry notes that these sales involve property in all parts of Ontario, with most of the purchasers being Toronto area residents.

The ministry prepared the following guide for prospective purchasers of vacation property.

Forty Toronto-based companies are being investigated in connection with the sales of Ontario vacation properties.

Dr. Robert Elgie, Ontario Minister of Consumer and Commercial Relations, says the ministry's Business Practices Division and Metro Toronto Police are investigating numerous complaints from people who say they were bilked by land speculators in the purchase of cottage and retreat land located throughout Ontario.

The complaints range from the loss of \$500 to \$10,000 downpayments to gross misrepresentations of lots for sale.

In some cases, the complaints are reminiscent of the infamous Florida swamp land deals of an earlier era. People are being shown one lot and then sold another inferior property. Sometimes the property is a swamp.

"Although I can't release details that will jeopardize the investigations, I can warn people to use extreme caution when buying Ontario vacation properties today," says Dr. Elgie.

"All evidence so far points to a very serious and growing problem in holiday lot sales."

All buyers who complained to the ministry had responded to classified advertisements in Toronto newspapers for single properties for sale. Most buyers assumed the land was being sold privately by individual owners until they visited a company office where they were shown photographs and maps of several lots for sale.

Some of the buyers say the company pressured them into buying land unseen. Others complained the companies had sold them land before the companies owned it (at inflated prices) and invented or exaggerated features that enhanced the property.

In one case, a man inspected a \$32,000 property near Toronto and immediately tendered a \$3,500 downpayment. When taking possession of the land, he learned his property was a swamp, 570 metres west of

the land he thought he bought.

The man, who claims he can't walk on the property without wearing wading boots, faces monthly property payments of \$300 for the next eight years. The company refuses to return his money or buy back the property.

In another case, a family cashed their savings bonds to buy what they thought

They agreed to pay the remaining \$19,000 on closing. However, months have passed and the couple have neither received the property deed nor a refund of their deposits.

Important considerations

To avoid being bilked when buying land we suggest you follow the tips

you want, begin your search by canvassing vacation areas or by consulting real estate listings in newspapers and at real estate brokers' offices. Never buy land unseen. It's always wise to inspect several lots before deciding on one.

Deal with a legitimate vendor - Property in Ontario can be sold directly by the owner or his

real estate broker's authority to sell on the vendor's behalf.

Seek proof of registration

- All real estate brokers (the agents contracted to sell property) and their salesmen must be registered by law with the Ontario Government. Ask to see the broker's registration certificate (it may be displayed on an office wall). If you want to

Never sign an agreement without studying it privately, away from sales pressure. Your own lawyer also should review the agreement for legal loopholes and fairness before you sign it.

Insist on conditional buys

- Any offer of purchase and sale should contain a clause giving you the right to cancel the contract - and have your deposit refunded - if any claims are found to be registered against the property or the vendor. View any vendor with suspicion who refuses to give you two working days to check for claims.

Ensure clear title

- After you have signed an offer to purchase containing a conditional clause as noted above, have a lawyer search the title to see if it is free of unpaid taxes, liens, mortgages and other possible claims. You could do the search yourself but the process is complicated and any errors could be costly. When you buy property, you assume responsibility for claims registered against it.

Watch out for extravagant claims - Vendors who boast of offering "once-in-a-lifetime deals" or "one of a kind properties" should be approached with caution. There are no give-aways, though reasonable buys do exist.

Check municipal bylaws

- Check with your municipal council for any bylaws that may restrict the property use (for instance, you may not be able to build on the lot). Also check with your municipality for any rights-of-ways for such things as telephone lines or roads, and for municipal services such as water, electricity and sewage. The cost of extending services to your property may be prohibitive.

Talk to locals

- Ask local residents about conditions you cannot see that should influence your decision to buy. For instance, learn about seasonal road and weather conditions, uncooperative neighbours and other possible problems such as lakes unsuitable for swimming. You may discover, for instance, that a property that looks ideal on inspection in summer is usually flooded with water in the spring.

If you feel you have been bilked in a property sale, please contact your local police or a Consumer Services Bureau, Ontario Ministry of Consumer and Commercial Relations.

was a once-in-a-lifetime deal - a 25-acre lot with two lakes selling for \$29,000. The company, which claimed to own the land, said it was repossessing it from the current occupants who had defaulted on mortgage payments. The company said it

below:

Consult a lawyer - Real estate transactions are complicated and should be overseen by a lawyer paid to look after your best interests. Never use a lawyer who is also acting on behalf of the

respective real estate broker(s). Be extra cautious when buying land from a private seller you do not know. Unlike a real estate broker, a private seller has neither a registration certificate to lose nor a business reputation to protect. There is no specific legislation governing private property sales.

A private seller could be a land speculator who buys and then resells property at inflated prices. There is nothing illegal about speculating on the market.

Always ask to see the vendor's deed (proof of property ownership) or the

check a registration for authenticity or if you encounter an agent who is operating without current registration, contact the consumer ministry at (416) 963-0444.

Study the agreement

before signing - An agreement of purchase and sale is a legal contract in which you, the buyer, agree to purchase a property from the vendor according to specific terms and conditions. The offer should detail every facet of the transaction and every feature of the property.

"Use extreme caution when buying Ontario vacation properties today."

merely wanted back its initial investment.

The couple paid an initial deposit of \$500 and later a good faith deposit of \$9,500.

vendor or the vendor's agent.

Shop around - Once you know the type of property

Stanhope Reeve Harry Davis, second from left, was one of a number of municipal representatives to attend a special conference on emergency planning in Arnprior recently. The conference was held to alert elected officials of their responsibilities in emergencies and help them offset the effects of disasters in their communities. Seen with Davis are, from the left, H. Arnold of Port Hope, S. Walker also of Port Hope and F. Russet and R. Paquette both of Arnprior.

A gift from MNR

Summer may be months away, but the Ministry of Natural Resources has a Bicentennial New Year's gift to warm your spirits.

There will be no day-use admission charge at Ontario's provincial parks on Monday, August 6, 1984 — the Civic Holiday — Natural Resources Minister Alan Pope has announced. And many parks will have even more to offer that day — Bicentennial events ranging from public picnics to historical demonstrations and pageants.

The Bicentennial holds special significance for two of Ontario's provincial parks. It marks the first full year of operation for Frontenac Provincial Park in eastern Ontario, and the 75th anniversary of the Quetico Forest Reserve, the fore-

runner of Quetico Provincial Park in northwestern Ontario.

Frontenac Provincial Park, a 70 - square - kilometre park 30 km north of Kingston, officially opened in 1983. The rocky, lake-studded park has about 100 km of hiking trails, 40 km of canoe routes, and is renowned for its excellent lake trout, brook trout, northern pike and bass fishing.

Quetico Provincial Park, which is 160 km west of Thunder Bay on the Ontario / Minnesota border, will host a number of special events — including a border ceremony, a public picnic and a historical pageant — during the summer months. These activities will celebrate the 75th anniversaries of both Quetico and the

Superior National Forest, which is across the border in the State of Minnesota.

Rustlers down Lindsay 12-4

by Doug Macnab

On Sunday the Rockcliffe Rustlers skated to a one-sided 12-4 victory over Lindsay.

Leading the Rustler attack were Harris Steele and Sid MacKeigan with hat tricks and Joe Giles with a pair. Lawrence Loughheed, Charlie Berube, Wally Stender and Rick Hartwick added singles.

On Wednesday January 11 the Rustlers travel to Bobcaygeon to take on the league leading Fenelon Falls club. On the weekend the Rustlers play back to back home games. On Saturday January 14, Fenelon Falls plays a return visit game at 8:30 p.m.

On Sunday Coboconk will be in town.

On Sunday Coboconk will be in town. That game starts at 7 p.m. So this weekend provides a good opportunity to come out and cheer our local boys on.

SURFACE EMBELLISHMENT CREDIT PROGRAM

This course offers students an opportunity to be exposed to a variety of new approaches and techniques to work on Silk or Cotton. Students who have some previous experience will be able to improve and expand their knowledge. Techniques to be covered will include:

- Stencilling and Air Brushing on cloth
- Block Printing for Clothing and Bags
- Wax Resist Dyeing
- Silk screening
- Painting and Batiking

There are no pre-requisites for this course.

INSTRUCTOR: Ginny Shanks is a graduate of the Ontario College of Art. She uses a variety of materials and surface embellishment techniques in her one, two and three dimensional works.

LOCATION: S.S.F.C. - Haliburton Campus

DATES: Third Wednesday and Thursday of each month - Feb. - May.

SESSION I - 9:30 - 3:30

SESSION II - 6:30 - 10:00

* Students should register for Session I OR Session II

FEE: Session I - \$65.00; Session II - \$45.00.

The studio will be available at one other time each month for students to complete necessary projects.

FOR FURTHER INFORMATION OR TO REGISTER CALL SIR SANDFORD FLEMING COLLEGE AT 457-1680.

Minden fans treated to exciting game

Hockey fans in Minden were treated to an exciting game on Sunday afternoon when the Haliburton Northernways Huskies took on Huntsville at the Minden Community Centre. After a close checking, fast paced contest, the Huntsville team came up with a 6-5 victory.

In the previous game the two clubs played the Huskies clobbered Huntsville 16-1 but this Sunday Huntsville had a full roster of players and the result was a much more evenly matched game.

At the 2:11 mark Huntsville went ahead 1-0 while the teams were playing 4 men aside. Two minutes later Glenn Evans dug the puck into the net from point blank range to tie the game at a goal apiece.

The Huskies went up 2-1 when Dave Nicholls charged up the left wing and drove a hard wrist shot into the top corner. The see-saw battle continued forcing both goalies to come up with some excellent saves. With 8 minutes remaining in the period, a Huntsville player picked up a rebound off the boards behind the net and beat Colin Newell on a fast shot to tie the game once more.

The Huskies went ahead 3-2 when Bernie Upton fought off the defense and scored while he was down on the ice in front of the net.

Huntsville evened the score on a power play after Colin Newell was forced to make four quick saves in a row. Huntsville continued putting on the pressure with strong forechecking that kept the puck in the Huskies end. With six minutes left in

the period Huntsville went ahead 4-3 on their third power play goal to end the period.

Early in the third period Huntsville added another power play goal when their extra man was left alone at the side of the net and slipped in a shot past Colin Newell.

One minute later Bernie Upton narrowed the gap with an unassisted goal that he put in through a tangle of players in front of the Huntsville net. Half way through the third period Dave Nicholls broke through the defense after a long rush from his own end and passed it back from the corner to Kelly Mitchell who beat the Huntsville goalie to tie the game at 5-5.

The Huskies continued to out hustle and out check their opponents even while shorthanded but Huntsville broke loose and scored with eight minutes left in the game.

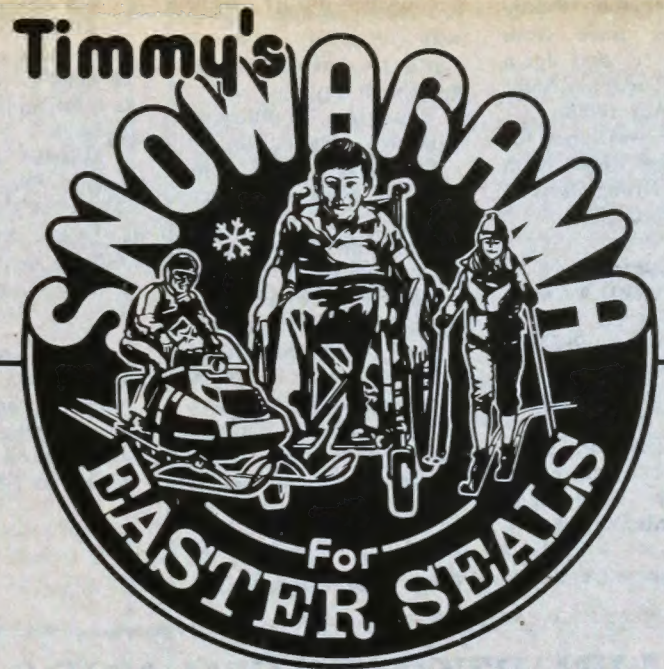

The Huskies put on a tremendous amount of pressure in the dying moments of the game but even with an extra attacker in the last minute, they were unable to score and Huntsville hung on to win the game 6-5.

Bernie Upton led the Huskies attack with three goals. Dave Nicholls who scored added a goal and two assists and increased his commanding lead of the scoring statistics in the Georgian Bay league.

The Huskies who are in third place in their division travel to Parry Sound this Friday then host the same team in Haliburton on Sunday at 2 p.m.

Huskie forwards Bernie Upton and Dave Nicholls raise their sticks in a victory salute after Kelly Mitchell (in front of the net) tied the game in the third period. However Huntsville added one more goal to win the Sunday afternoon game in the Minden Community Centre.

Out of town teams claim tourney trophies

All the hardware left town Saturday as Minden Minor Hockey hosted the annual Juvenile Hockey Tournament. The championship and consolation championship teams came from out of town to claim the trophies.

The Minden entry put on a strong showing in the opening round of the tournament defeating Rundle Park of Oshawa by a 8 - 3 score.

Kevin Hamilton led the way for the Minden team scoring three goals. Hamilton's first effort was unassisted while Glen Evans and Doug Schell assisted on the second goal and Schell once again on the third. Other Minden marksmen included Scot Hamilton with a pair, one unassisted and the second with help

from John McKelvey. Jeff Stamp scored from Eldon Bull and Jim McKelvey on a power play effort; Jim McKelvey scored from Blaine McKelvey; Daryl Ward connected on a pass from Glen Evans again on a power play.

In Minden's second game, they were knocked out of contention as the team was shut-out by Harmony of Oshawa. Final score was 4 - 0.

Harmony went on to challenge Powassan for the championship, but was defeated 8 - 2 in the last game.

Fenelon Falls took the consolation championship after losing a tied game to the Oshawa Black Hawks 5 - 5 (the team scoring the first goal of the game is awarded the victory), and defeating

Valley View Park of Oshawa 9 - 2. In a decisive consolation championship game, Fenelon blanked George Street of Peterborough 13 - 0.

The championship Powassan team received the Dollo's IGA trophy while runner-up Harmony was presented with the Minden Drug Store trophy. The consolation champions, Fenelon Falls, received the Don Gartshore memorial trophy, while the runner up in that division, George Street of Peterborough, was presented with the Mae's Country Mart trophy.

The following is a

rundown of the games as played in the tournament:

Opening round: Minden 8 - Rundle Park (Oshawa) 3; Harmony (Oshawa) 5 - George Street (Peterborough) 0; Fenelon Falls 5 -

Oshawa Black Hawks 5; Powassan 6 - Valley View Park (Oshawa) 3. Championship round: Harmony 4 - Minden 0; Powassan 4 - Black Hawks 1; Championship final:

Powassan 8 - Harmony 2. Consolation round: George St. 7 - Rundle Park 3; Fenelon Falls 9 - Valley View Park 2; Consolation final: Fenelon Falls 13 - George St. 0.

puck talk

Atom

The Minden Atoms scored a decisive 7 - 1 win over Humphrey Saturday afternoon. Scoring for Minden were Darren Sawyer from Rob Ackerblade and Mike Muli; Rob Ackerblade from Darren Sawyer; Jamie Dollo, unassisted; Ackerblade, unassisted; Randy Bull, twice, once from Steven Beaver, and again from Jason Todd; and Mike Muli from Ackerblade.

Aaron Hie was in nets for Minden. The whole team turned in a strong effort to ensure the win.

The schedule

It will be a busy weekend for hockey at the Minden arena as the annual Pee Wee hockey tournament is held. Sixteen teams are expected to attend with action beginning Thursday night between the two local teams.

The full tournament begins Saturday and continues Sunday.

As in past years, assist-

ance is required in billeting the young players. Anyone with room to spare is asked to contact Shirley Hie or Shirley Howe for more information.

The following is the schedule for the opening round of play. Teams will be streamed in the consolation or championship rounds with the grand championship game slated for Sunday evening at 6 p.m.

Thursday: 8:00 p.m. Minden vs. Haliburton.

Saturday: 8:00 a.m. Fenelon Falls vs. Bracebridge.

9:00 a.m. Oakwood vs. Bowmanville.

10:00 a.m. MacTier vs. King Side Park (Oshawa)

11:00 a.m. St. John's (Peterborough) vs. North West Canadians (Oshawa).

12:00 noon: Oshawa Bruins vs. Orillia.

1:00 p.m.: Sundridge vs. St. Alphonse (Peterborough).

2:00 p.m.: Ottawa vs. (team to be announced).

GAINS increase approved

Effective January 1984 the monthly GAINS levels have been increased to \$578.26 for single pensioners and \$550.76 per person for qualified married couples. On an annual basis, these guaranteed levels are \$6,939.12 and \$6,609.12.

The maximum GAINS levels are calculated as follows:

For Single: Old Age Security - \$263.78; Guaranteed Income Supplement - \$265.56; GAINS - \$48.88 for a total monthly income of \$578.26.

Married rate for each spouse: Old Age Security - \$263.78; Guaranteed Income Supplement - \$204.86; GAINS - \$82.12 for a total monthly income of \$550.76.

If you require detailed information about GAINS rates or eligibility requirements, please contact our Information Centre free of charge at 1-800-263-3960.

PROPERTY ASSESSMENT and your 1984 Municipal and School Taxes

Regional Offices located throughout Ontario are responsible for assessing all real property for the purposes of municipal and school taxation.

The resulting Assessment Rolls are delivered to municipalities which use them to set their mill rates and compute municipal property tax bills.

The amount of property tax you pay on your home or business depends on the assessed value and the mill rate set by your municipality. The assessed value multiplied by the mill rate will determine your 1984 property taxes.

Open House Sessions

Open Houses are your opportunity to fully understand your assessment and to evaluate its equity.

Open Houses are held in every municipality at convenient times and locations, to provide you with the opportunity to discuss your assessment with staff of the Regional Assessment Office.

An assessor will be pleased to explain the basis of your property assessment and is authorized to amend any information as may be necessary prior to the delivery of the Assessment Roll to your municipality.

If you have any questions but are unable to attend the Open House, please contact your Regional Assessment Office at the address or telephone number shown below.

Assessment Notice

Property owners and tenants will receive an Assessment Notice **only if information regarding their property or assessment was changed during the past year, if the assessment was appealed last year, or if the property has been reassessed under section 63 of the Assessment Act.** If you receive an Assessment Notice, it may reflect changes you have requested in your school

support designation, the amount of your assessed value, or other recorded information on last year's Notice.

Appeal Procedure

If, after attending your local Open House, you are still dissatisfied with your assessment, you have a right to appeal it to the Assessment Review Board. The Assessment Review Board conducts informal hearings and is responsible for determining whether the assessment under appeal is fair and equitable with the assessments of similar properties in the vicinity or neighbourhood, and may alter your assessment accordingly.

Appeal Deadline

The final date for appealing your assessment is March 7, 1984.

Your appeal must be forwarded, either on a Notice of Appeal Form or as a letter, to the Regional Registrar of the Assessment Review Board on or before March 7, 1984, noting your property address, Roll Number and the reason for the appeal.

To assist you in this regard, Notice of Appeal forms and the address of the Regional Registrar of the Assessment Review Board are available at Open Houses, your Regional Assessment Office, or your municipal office.

Haliburton makes finals

The Haliburton Pee-wees made it to the finals of the "B" division of the Alcide Carpentier Memorial Hockey Tournament before being defeated by the grand champion.

Haliburton came up with a surprise 4-2 win over Bowmanville in their first game, then went on to defeat Leaside 1-0. The winning streak ended when Haliburton was shutout 2-0 by Bancroft, who then defeated Bracebridge 3-0 to clinch the top spot in the eight team "B" division.

In the "A" division Stouffville, winners of the consultation series, defeated Hillcrest the championship team, 3-0 to win the grand championship.

Winner of the most valuable player award was Cory Veitch of Bracebridge. The winner of the best goalie award in the "B" division was Gavin McKnight of Haliburton. Scott Evans

from the Stouffville team won the award as the best goalie of the "A" division.

The best forward of the "A" division was Mike Davis from Hillcrest while the "B" division winner was Cory Veitch from Bracebridge. Brad MacDonald was selected as the top defenseman of the "A" division. Cory Borrowman was chosen as the best defenseman of the "B" division.

The Lake Kashagawigamog Tourist Association and Haliburton Minor Hockey organized and sponsored the three day tournament which took place at the Dysart Arena over the weekend. The organizers were disappointed with the decrease in the number of teams participating in the tournament as compared to previous years as well as the lack of community support. An Atom tournament

scheduled for January 20 has been cancelled due to lack of response and a conflict with a tournament in Peterborough.

Presently tournaments are based on a 16 team format but a 50% decline in minor hockey registration which corresponds with the decline in the birth rate and a large increase in transportation, and equipment costs has combined to reduce the number of participating teams.

As a result the tournament organizers will be reassessing the future of minor hockey tournaments.

NOTICE

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up, close and
convey to the adjoining landowner part of the
66 foot 'unopened' Original Shoreline
(Marine) Allowance for Road around the
shoreline perimeter of Kashagawigamog Lake.

NOTICE IS HEREBY GIVEN pursuant to
Section 301 (1) of the Municipal Act R.S.O.
1980, as amended, that the Council of the
Corporation of the Townships of Anson,
Hindon and Minden at its regular meeting to
be held in the Municipal Council Chambers,
Milne Street, Minden on February 9th, 1984
proposes to consider and, if deemed advisable
to pass a By-law to stop up, close and convey
the above-noted portion of road allowance
more particularly described as follows:-

All and singular that certain parcel or tract of
land and premises situate, lying and being in
the Township of Minden in the County of
Haliburton and being composed of part of the
original allowance for road along the shore of
Kashagawigamog Lake in front of Lot 18,
Concession 2 in the said Township of Minden
shown on a draft plan of survey prepared by
H. Curry Bishop, O.L.S. dated November 25,
1974.

AND FURTHER TAKE NOTICE that before
passing said by-law at the meeting to be held
at the time and place mentioned, the Council
shall then and there hear in person or by his
Counsel, Solicitor or Agent any person who
claims that his or her land will be prejudicially
affected by the said By-law and who applies to
be heard.

DATED at MINDEN this 4th day of January,
1984.

Rockcliffe defeats Hall's 18-9

On Monday evening the Rockcliffe Foamblowers doubled Hall's Insurance 18-9 in the Mens Recreational League. In the second game of the evening Hartwick Construction and Home Hardware fought to a 4 all tie.

In the first game of the evening Rockcliffe led 3-2 after the first period. They shut-out Halls in the second

period while scoring 4 goals then added 11 goals in a third period shut out that saw Hall's add 7 goals to their total.

Wayne Johnson led the Foamblowers attack with a hat trick and 3 assists. Harris Steele added 4 goals and an assist and Dave Brown assisted on 5 goals.

The second match of the night was a much more

defensively oriented game. Sid MacKeigan's first period goal was answered by John Barkwell's tally for Hartwick. In the second 20 minutes of play Greg Carpenter and Jeff Campbell put Home ahead 3-2 after Steven Crowe notched a point for Hartwick.

John Barkwell tied the

game for Hartwick early in the third period before John McAdam put Home up one goal. Larry Sawyer tied the game at 4 goals apiece.

Team standings to date are: 1. Rockcliffe Foamblowers 16 pts. 2. Hartwick Construction 13 pts. 3. Home Hardware 10 pts. 4. Hall's Insurance 5 pts.

Did you know?

by Ruth Foster

In recent years a great deal of thought, time and effort has gone into conserving energy. "Whether it be reducing speed limits or wearing an extra sweater at night, everyone has at least thought about it."

Energy, Mines and Resources Canada has offered us a few added incentives to make changes in our fuel consumption. One of the newer projects is the Propane Grant Program.

This program is designed for commercial and farm vehicles to reduce their dependency on imported oil. The National Energy Board predicts that Canadian propane supplies will continue to exceed demand for the rest of the century.

Therefore, Energy, Mines and Resources Canada is offering a grant of 100% of the eligible costs for materials and labour to a maximum of \$400.00 for purchasing a new vehicle with, or converting to a

single fuel propane system. The equipment must be purchased in Canada and labour costs are eligible to a maximum of \$150.00 per vehicle. Eligible vehicles are those that are used 50% or more for business purposes in Canada and farm vehicles.

As well, all applications for the grant must be filled within one year of the conversion to propane or of the purchase of the new vehicle. The purchase or conversion to propane must also take place in the five-year period that commenced October 28, 1980.

For further information about eligible vehicles, cost of conversion or perhaps some general information about propane itself, contact the County Information Centre. We are located in the Drag River Municipal Building in Haliburton and you can call us at (705) 457-2733. Our office is open Monday to Friday, 10 a.m. to 4 p.m.

And remember, you will never know the answer until you ask the question.

Agricultural outlook for 1984

An Agricultural Outlook Conference is held in Ottawa in mid-December each year, hosted by Agriculture Canada. A copy of the news reports developed in that Conference reached the County agricultural offices last week. The following is a summary of the key points presented at the Outlook Conference by Agriculture Canada economists.

Net farm income is expected to increase by 6 - 7% in 1984 over the estimated 1983 income. However, this will still be about 5% below the 1981 net farm income.

Both farm cash receipts and total operating expenses are projected to increase by nearly 4%. Interest rates are expected to remain at or near present levels. Land prices in 1984 are expected to remain depressed. Wide regional fluctuations in land prices were recorded in 1983 with land sales continuing low.

Food prices to the consumer could increase by an average of 6 - 8% next year, according to Agriculture Canada economists.

Record world supplies will dominate the wheat outlook well into 1984. Prices are likely to remain steady or increase only slightly. The area seeded to wheat in Canada is expected to decline in favour of grains and oilseeds.

Reduced stocks and continued high prices in early 1984 are expected to lead to increased coarse grain production (corn, barley, etc.). Higher stocks in the United States are forecasted for 1984 - 85. As a result, prices could fall between 10 to 20% from 1983 - 84 prices.

Increased Canadian production of oilseeds (soybeans, canola, flax) is expected. Prices should begin to fall by the spring of 1984 as world production increases.

Declining North American red meat supplies should push beef prices up. Canada's beef output is expected to average three per cent or more below 1983 levels.

In Toronto, A1, A2 steers should average between \$80 to \$85 per hundredweight during the year.

Pork output is forecast to fall in the second half of 1984 with stronger prices. For the year, Index 100 hogs may be expected to average four dollars per hundredweight or more above 1983's estimated average price of \$71.

Lamb prices are expected to improve in 1984 in line with price increases for other red meats.

Stable production and consumption of chicken and turkey are likely during the first half of the year. But, with rising red meat prices, demand for poultry is

expected to increase in the second half of the year.

Industrial milk production is forecast to drop by nearly 2% during the 1983 - 84 dairy year, ending July 31, 1984.

Increased supplies will keep prices down for most fruits in 1984. Vegetable supplies are significantly below year-earlier volumes and Agriculture Canada economists expect vegetable prices to remain high. Potato prices have increased due to reduced supplies.

Canadian production of special crops will remain steady or increase in line with export demands. Flue-cured tobacco production in 1984 will likely decrease in line with market demands.

Agriculture Canada economists expect sales of farm machinery, pesticides and fertilizers to increase in 1984 with moderate price increases.

Financial fitness

Are you financially fit? What would your answers be to the following questions? It should take only a minute to find papers you need about your family, home and farm - yes or no? Do you keep cancelled cheques, insurance policies, deeds, mortgages, and wills in a safe place? Do you have an inventory of your household goods and valuables and is it in a safe place outside your home or in a fire-safe box? Does anyone else know where these papers are? Do you and your spouse have wills? Can you estimate what your retirement income will be?

Keeping financially fit involves the wise management of our money and our financial securities. It is important whether you are single or married, with or without a family, and whether you are employed or own your business.

One business where financial management is being stressed is the business

of farming. It is more important than ever before for farm families to know and understand terms like cash flow, assets, liabilities and partial budgets. And it is of equal importance to manage money in the home as well as in the farm enterprise.

The short course "Farm Management For Farm Spouses" being held in Omemee in February, has been designed to assist in the financial management of the farm home. It is being held on the four Tuesdays, February 7 - 28 from 10 a.m. to 3 p.m. in the Legion Hall.

The course will cover topics dealing with financial planning each morning, including setting goals, using resources, record keeping, financial security through insurance and the use of computer systems.

Each of the four afternoon sessions will focus on a different area related to the farm. Family relationships, what to do before the vet comes, a panel discussion including a lawyer, and insurance agent on being prepared, and stress and farm safety are topics that will be discussed.

The course is limited to 30 farm spouses, from Victoria and Peterborough Counties, and pre-registration is required. There is a \$10.00 registration fee, payable on the first day of the course. To take part in this 4 - part short course, contact either the Peterborough or Lind-

say Agricultural Offices. Make 1984 your year to become financially fit!

Events this week

January 16 - 9:30 a.m. Sheep Day, East Central Farm Conference, Lindsay Ag. Office.

January 17 - 9:30 a.m. Soil and Crop Day, East Central Farm Conference, Lindsay Ag. Office.

January 18 - 9:30 a.m. Beef Day, East Central Farm Conference, Lindsay Ag. Office.

January 19 - 9:30 a.m. Dairy Day, East Central Farm Conference, Lindsay Ag. Office.

January 20 - Pork Day East Central Farm Conference, Rock Haven Motor Hotel, Peterborough.

January 31 - 9:30 a.m. Farm Women's Seminar, East Central Farm Conference, Lindsay Ag. Office.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH NOTICE

All dogs are required by law to be tagged. The fee for each licence/tag is \$5.00. 1984 Dog Licences and Tags are now on sale at the Municipal Offices, located approximately 3 miles south of Minden, Ontario, on Highway No. 35, or from the By-law Enforcement Officer.

Further take notice that charges may be laid at any time after May 1st, 1984, for any dog not licenced and tagged according to law. Charges may be also laid if a dog is found running at large whether tagged or not.

Wayne D. Hughes,
Clerk-Treasurer,
Lutterworth Township.

This Week on T.V.

The listings are supplied by the T.V. stations. While every effort is made to ensure their accuracy, last minute changes may be made by the stations.

Remembering Rev. Robert Bonis

Reverend Robert Bonis served as the Anglican minister in Minden between 1931 and 1938. His presence here was well received and he obviously made a strong impression on many individuals. Illa Cooper of Minden wrote the following tribute to Rev. Bonis in which she recalls some of those warm memories associated with his years here.

Prior to the arrival of Rev. R. R. Bonis in Minden, St. Paul's Anglican Church had had two bachelor ministers, the Rev. Hugh Collier and the Rev. J. H. Stringer, both being tremendous men and both having accomplished great things during their ministries here.

However, when Rev. Bonis and his bride arrived, I was not yet in my teens and so to us youngsters it was something very new to have a new minister with a wife. We were so delighted and during their years with us we were not one bit disappointed, they more than passed our expectations.

At that time our Confirmation Classes were held at their home, "The Clergy House" (where the Blears live now), and in June we were confirmed.

Besides their ministry here they took time out to share their talents and interests with us, in fact they were like second parents to many of us.

They taught us the game of tennis. The lawn between The Clergy House and the house where Danny McKelvey now lives was used as the tennis court. It was our task to mow the grass and mark the court. Before long we had a club and had great competitions in tournaments. We thoroughly enjoyed this sport.

In those days there were no restaurants in town and no theatre to attend. We had to make our own fun and amuse ourselves. Very often Mrs. Bonis would toss off her apron and would come out and play a game of tennis with us.

They were also great gardeners and used to can and preserve the produce from their garden for winter use. There were no fresh fruits and vegetables available in the winter months then like there are now.

Before Christmas each year, Mrs. Bonis would have a big dinner for the Children from the Scotch Line Sunday School. This would be held at the Clergy House

and the tables would be laden with scalloped potatoes, baked beans, macaroni and cheese and meat, followed by lots of goodies and gifts for all.

Their first child was Peggy. She and my sister (Pat Campbell) used to play together and Peggy seemed like one of our own family.

Rev. Bonis started The Fortnight Club and of course it was held every two weeks in the parish hall in what is now known as the Masonic Hall. It was a club for the whole community for young and old. Bill Coneybeare was on the executive for some time. We had some great evenings of entertainment, didn't we Bill?

A brief business meeting was followed by a mixed program of recitations, dialogues, musical numbers, contests, etc. Sometimes the whole evening would be in a Scottish or Irish theme, etc. We always had lunch to round off the evening.

Rev. Bonis was musically talented and played the piano, violin and several wind instruments.

He trained us in dramatics. Each fall we would get up a three act play and present it at the Town Hall, situated where the County Building now stands. Quite often we would be asked to take the play to some of the surrounding towns, and that was fun and an experience too.

The Minden United Church did likewise. Rev. McRae was the United Church Minister at that time and he and Rev. Bonis were very good friends and each attended the functions of the other church.

Was it any wonder that I shed a lot of tears when I learned that they were moving away? But I was young and hadn't felt that sort of loss before. However, each summer they came back as they had acquired property on Mountain Lake where they built a cottage and they still spend the summers here. There have been a lot of changes over the years and a lot of people have gone, but there are still a few of us left to cherish the memories.

The Bonis Family still enjoy attending our Carnivals, the yearly Fair as well as other events in the community.

I am happy to pay tribute to this wonderful family who have contributed so much to Minden down through the years.

Ontario Hydro reserves the right to reject any or all offers.

senior league

by Bert Harrison

Dear readers, Christmas and New Years both coming on Sunday, gives the staff an extra holiday we hope they enjoyed them. While they were away, and as we start out on the New Year, may the sun shine brighter and, the dark cloud disappear.

Service in the chapel this New Year's Day, the Thompsons came Ruth to lead the singing to play, Harold to read the Lesson also to pray. Then Rev. Burgess spoke on a verse taken from the "Book of Samuel" Ebenezer, hitherto the Lord has helped us.

Doris Vaughan had a birthday on the 1st day of 1984, and as the month rolls on I am sure there will be more.

Rev. John Phillips of Haliburton Anglican church, along with his assistant Julie Kennedy, came down this Tuesday to deliver an interesting New Year's message. Fred Ballard came the music to play, we thank you all for

coming this new January day.

We are having a real cold winter, one of the old fashioned kind, with temperatures away below zero and snow right up to your behind. Things are getting back to normal after the long holiday, staff returning to their work after being away.

Doris showed us movies Tuesday afternoon at one o'clock instead of two, Beautiful Lennard Island and an Englishman's Horse. Linda and others needed the Auditorium at two o'clock, where they are taking a course. Daryl Crowe came Tuesday night, and entertained us fine, we are pleased to see Darryl come most any time.

They took Mrs. Annie Cox to hospital, Wednesday afternoon, we hope she will be feeling better and back with us soon.

The Tea Party was served by the ladies of Haliburton Legion on Thursday afternoon, we had our Resident

Council meeting, coming up or we would have played some fancy tunes. We thank you for coming anyway, we would like to say.

We have a Residents' Council each month of the year, any resident having a problem at the meeting must appear, then the problem is discussed, we try to settle it without too much fuss.

Bingo was called Thursday night by Larry McKnight and daughter, also Don Cabbage. Some players made out real good, six bingos were won by Millie Wood.

It was sing song time again this Friday afternoon. Grace came to lead the singing, Norma to play the tunes. Grace always has some humorous poems which we all enjoy, and she sang so lovely "Bless This House", "Oh Troubled Heart, Be Still", and "Danny Boy".

We have Ina McGuire in hospital, we wish her all the best, hope she will soon be back again with us at Hyland Crest. We hear Angus in his work-shop he works away day after day and can't seem to stop.

Things are running smoothly here. The cooks see we are well fed, and the nurses come around at night to tuck us children into bed.

The sympathy of all here goes to Ruby Lewis on the sudden passing of her brother-in-law, Stan Roberts.

Friendship buds and blossoms. Like summer in full dress,

Friendship brings a harvest of joy and happiness.

Friendship is sustaining, to winter winds and snow.

Friendship can't be hoarded, by being shared it grows.

Volunteers to be thanked

by Marie Wallace

Friday, January 27 has been set aside as Volunteer's Day. Haliburton County Home Support Services wishes to thank all those who deliver meals on wheels, provide transportation, friendly visiting and many other services. This celebration will be held at the PineStone Inn at 10:30 a.m. with a noon dinner and continue until 2:30 p.m.

We are planning an interesting program and hope that all volunteers will participate - prospective volunteers are also welcome.

Without volunteers our organization could not assist seniors to remain independent in their own homes. So to all our volunteers, who number over 400, we take our hats off to you and thank you again and again for your contributions.

If you wish to attend, please call the office at 457-2941 to make a dinner reservation - the cost is \$4.00.

around the county town

Call 286-1288 - 9 a.m. - 4 p.m.

We received a call this week from Elizabeth Carrell of the Cultural Centre and she asked us to pass on the news that a meeting will be held at the Library Cultural Centre on Thursday, January 12 at 10:30 a.m. for those interested in forming a quilting group in the Minden area. Elizabeth also mentioned that Carole Finn of Haliburton would be in attendance to discuss future quilting workshops through Sir Sandford Fleming College. Please attend this meeting if you are interested in quilting. We know of many excellent quilters in Minden and a regular group would be an excellent way to overcome the winter blahs.

Another way to survive the cold was suggested by Marie Wallace of Haliburton County Home Support Services who sponsor a Senior Swim program Mondays and Wednesdays 1 - 4 p.m. at Locarno-on-the-Lake. Call Mrs. Wallace at 457-2941 for more information or to register.

Congratulations to Mr. and Mrs. Kelly Young (the former Jane Bibby) whose wedding was last Saturday. Our best wishes to the happy couple.

We were very sorry to hear that Mrs. Ethel Leigh is at present in the Intensive Care Unit in Ross Memorial Hospital. We trust she will be well soon and back home among her family and friends in Minden.

Winners at the weekly card party at St. Paul's Parish Hall last Thursday afternoon were: lone hands - May Eldridge and others, Cora Hewitt and Vera Ward.

Minden Women's Institute will meet in the Common Room at the Library Cultural Centre at 2 p.m. All ladies are welcome to attend.

The Minden Agricultural

Society will be holding a general meeting on Wednesday, January 18 at 7:30 p.m. upstairs in the Council Chambers. Anyone interested in participating in this year's fair is invited to attend.

We are sorry to report that Bob Smith is in Ross Memorial Hospital after suffering a heart attack on the weekend. We hope he will be better soon and back with his family and friends, hale and hearty.

Congratulations to John Fedeski of R. R. 2, Minden who was the winner of the Rotary Club 50/50 draw. The ticket was drawn at the annual New Year's Eve dance.

Mothers with pre-school children will be pleased to hear that skating for this group takes place each Wednesday between 1 and 2 p.m. at Minden Arena. Cost is just 75c. Get your exercise and start your little one skating this winter!

kid's korner

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters.

It's as easy as that. Have fun.

Q: What pine has the longest and sharpest needles?

A: A porcupine.

Q: What animal has a head of a cat, the tail of a cat and the ways of a cat, but isn't a cat?

A: A kitten.

Q: What animal would be likely to eat a relative?

A: An ant-eater.

Q: What is it that you cannot hold for ten minutes but is light as a feather?

A: Your breath.

Q: What is the longest word in the dictionary?

A: Smiles - there's a mile between the first and last letter.

Q: Why are soldiers so tired on the first of April?

A: Because they've just had a March of 31 days.

CARD OF THANKS

The MacGregor family wish to express their thanks to friends and relatives for the cards, flowers and telephone calls we received at the loss of our husband, brother, father and grandfather. Special thanks to Terry Thomas, Rob Luke and Dwight Thomas, as well as Gordon Monk for his kindness and support and to Don Mitchell for presiding at the funeral service. A special thanks to the Rotary Anns for the luncheon provided at the Agnes Jamieson Gallery. Sincerely,
Evelyn MacGregor & family

Al and Ann Bibby
wish to thank
